

ASWIN PANDIYAN

Senior Software Test Engineer | Playwright | JavaScript | API Testing

Thanjavur, Tamil Nadu | +91 9003993261 | itaswin95@gmail.com

PROFESSIONAL SUMMARY

Software Test Engineer with 3 years 8 months of experience testing Ship Management applications. Hands-on experience in Playwright automation with JavaScript, API testing, and SQL validation. Experienced in validating ship and shore workflows, role-based permissions, business rules, and multi-stage approvals within Agile Scrum teams.

CORE SKILLS

UI Automation: Playwright, JavaScript, Page Object Model (POM)

API Testing: Playwright, Postman, request and response validation, status code checks

Testing: Functional, smoke, integration, regression, end-to-end, workflow and role-based testing

Database Testing: SQL (MySQL), backend data validation

Test Management: Jira, Zephyr Scale, test case design, defect tracking and retesting

CI/CD and Version Control: Jenkins, Git

Test Reporting: Allure Report

Additional Exposure: Selenium WebDriver (Java), TestNG, Maven, Cucumber BDD

PROFESSIONAL EXPERIENCE

Senior Software Test Engineer

Feb 2022 – Oct 2025

Solverminds Solutions & Technologies Pvt Ltd, Chennai

- Developed and maintained Playwright JavaScript regression tests for Ship Management, a web-based ERP supporting ship and shore operations.
- Validated Sickness Report and Vetting Inspection workflows, including field validations, findings, role-based permissions, tenant-specific business rules, and configurable approval hierarchies.
- Analyzed user stories and acceptance criteria, designed test scenarios and cases, and executed functional, smoke, integration and regression tests. Logged defects in Jira and retested fixes.
- Investigated test failures using Playwright traces and screenshots, distinguishing application defects from automation, test data and environment issues.
- Validated API requests and responses using Playwright and Postman, and used SQL queries in MySQL to check backend data after workflow actions.
- Organized page locators and reusable actions using Page Object Model (POM), and maintained automation code in Git.
- Executed regression suites through Jenkins and reviewed Allure reports to support release validation.
- Collaborated with Product Owners, Business Analysts and Developers on requirements and application changes, participating in Agile Scrum ceremonies.

EDUCATION

B.Tech – Civil Engineering

Periyar Maniammai Institute of Science & Technology, Thanjavur | 2017
